Dear Counselor,

#### Delay In Payment of Fourth Quarter Vouchers

In the last quarter of 2003, we ran out of money in our attorneys and experts fund. I knew that this was going to happen and I alerted the budget office to it as early as June, 2003. During the fall of 2003, we agreed that an additional \$400,000 would be transferred into our account by the County. I was assured by County personnel that this transfer would occur by year's end. In December, I was told that the transfer was approved by the County Legislature at its December 17<sup>th</sup> session.

In early January, when the funds had still not been posted, I was told that a problem had arisen and that the transfer was now part of a different resolution that was scheduled to go to Committee on January 26, 2004 and then on the Legislature's calendar for February 9, 2004. I tried to have the matter moved by emergency but my efforts were unsuccessful.

As a result, virtually all of the vouchers submitted in the last quarter of 2003 have not been paid and will not be paid until the additional funds are posted. I realize that this is an imposition on you and I am asking for your patience. Rest assured that this matter is of great concern to me and it will continue to remain on the front burner until it is resolved.
