Dear _____,

I am very close to completing our 18B Website and would like to post examples of criminal defense motions. I am therefore asking you to Email me copies of any motions you may have in your computer that relate to the defense of a criminal case, and that you would be willing to share with lesser experienced practitioners. I am looking for any and all motions, including motions for experts in an 18B case, pre trial motions for hearings, discovery, etc., trial motions for particularized relief and post trial motions.

If you or your secretary could Email any such motions to me as an attachment in Word or WordPerfect, it would be greatly appreciated. My Email address is acd@optonline.net.

Thank you for any contribution you are able to make.

Best Regards,

Patrick L. McCloskey
